Regiments entitled,—14th Hussars; 86th Foot.

PEGU PRIZE MONEY (51st Regiment).

NOTICE IS HEREBY GIVEN, that the Prize Roll for the 51st Regiment for the Captains in PEGU in 1852-3 has now been received from India; and that Distribution of the shares will commence at my Office on the 12th of MARCH NEXT, and will be continued on Mondays, Wednesdays and Fridays, during the hours from 11 to 2 o'clock.

NURGOOND PRIZE MONEY.**SECOND DISTRIBUTION.**

NOTICE IS HEREBY GIVEN, that the Prize Roll for the 7th Field Battery, 8th Company, 14th Battalion, Royal Artillery, for the Capture of NURGOOND in June, 1858, has been received from India; and that Distribution of the shares will commence at my Office on the 12th of MARCH NEXT, and will be continued on Mondays, Wednesdays and Fridays, during the hours from 11 to 2 o'clock.

DIRECTIONS.

ALL CLAIMANTS must state the Regimental Number borne by the Soldier.

In all PERSONAL applications at Chelsea Hospital by DISCHARGED SOLDIERS, they must produce their Parchment Certificate of Service and Regimental Account Book, or Parchment Certificate of Pension.

PENSIONERS RESIDING IN THE COUNTRY should apply through the Staff Officer of Pensioners for the District in which they respectively reside.

Claimants to the shares of DECEASED Soldiers, and all Claimants, Officers or Soldiers residing beyond 5 miles from Chelsea Hospital, must apply *by letter*, addressed to "The Secretary of Chelsea Hospital," when the necessary Forms will be sent.

SOLDIERS STILL SERVING must apply through the Officer commanding the Regiment or Depot.

OBSERVE—The claims preferred are so numerous, that it is found impossible to examine them, except after some delay. They will be investigated as early as possible in the ORDER OF DATE IN WHICH THEY ARE RECEIVED: and an answer will be sent without the necessity of AGAIN APPLYING ON THE SUBJECT.

A great portion of the delay is occasioned by the unnecessary renewal of the several applications.

GEORGE HUTT,
Secretary to the Commissioners.

31—23 D B 63.

War Office, 3rd March, 1866.

Sir,—It being deemed desirable that in the case of Soldiers entering the Army a distinction should be made between recruits and men re-engaging or re-enlisting within the prescribed period to entitle them to claim their former service, for whom no rewards are admissible, I am directed by the Marquis of Hartington to request that the age of each recruit enlisted, and of each soldier re-enlisted or re-engaged, may be stated against his name, both in the Pay List, and in the No. 2 and No. 3 Reports; and also that, in every case of re-enlistment or re-engagement, the word "Re-enlisted," or "Re-engaged," may be placed against the man's name in the column of remarks.

I am to add, that while rewards are, as stated above, not admissible for soldiers re-enlisted or re-engaged (whether their previous service may have been rendered under the Limited Service Act or not), this restriction does not apply to conducting money, nor to the 2s. 6d. granted to Pensioners employed on recruiting duty, under W. O. Circulars 207 and 228.

To Paymasters.

EDWARD LUGARD.

CIRCULAR, No. 942.

MEMORANDUM for the information and guidance of Persons offering Original Inventions to the Secretary of State for War, for the public service; or making application for the trial of supposed improvements and novelties of construction.

85—Gen. No. 762

War Office, 3rd March, 1866.

1. Misapprehension having frequently arisen as to the rules of the War Office, with respect to inventions which are brought under its consideration; it is deemed expedient to apprise applicants that the Ordnance Select Committee has been appointed by Her Majesty's Principal Secretary of State for the War Department to examine and report upon all inventions or improvements relating to the implements or munitions of war which from time to time he may think proper to submit to the consideration of the Committee.

2. An investigation will be made by the Committee into the merits of any invention only upon the terms and conditions stated in this memorandum, which terms and conditions must be held to be binding upon every person whose invention or novelty is submitted by him to the Committee.

3. A written description, model, or specification of the invention or novelty must be left with the Committee, and if it should be thought desirable to proceed to experimental trial, the applicant must, when required by the Secretary, deliver at Shoeburyness, or other place named to him, the requisite supply of articles to be tried.

4. The gentleman addressing the Secretary of State, or his agent, must attend at his own expense any meetings of the Committee to which he may be summoned, and give all information and answer all questions then and there put to him by the Committee, for the purpose of illustrating or explaining the proposal referred to them.

5. The Committee will not be held responsible for any accidental injury done to drawings, models or specimens while in their charge.

6. The Committee do not undertake to order a trial of any proposal, unless the experiments are likely, in their judgment, to lead to beneficial results; nor do they undertake to order experiments, in any case, at the public cost. Before, however, any experiments are undertaken by the Committee they will apprise the persons concerned of the time and place of doing so. An inventor may claim to be present at all experiments made at his cost, and, as a general rule, will be afforded an opportunity of being present where the experiments may be at the public expense. But in the latter case, if circumstances require it, the Committee are at full liberty to proceed without him.

7. Experiments made by the Committee at the public expense, to test the proposals of private persons, will be wholly under their direction and control. They will, as much as possible, consult the wishes of the individuals, but will enforce any restrictions and lay down any regulations called for in their judgment by public interests, and by the proper limits of the inquiry.

When the experiments are at the expense of the parties, the Committee are only responsible not to allow them to engross an undue share of time, or to be pushed beyond reasonable bounds.

CIRCULAR, No. 942—*continued*.

8. In the event of the adoption into the service of any invention or novelty, the descriptions, drawings or models which have been furnished by the inventor, may be retained by the Ordnance Select Committee as the property of the Department.

9. In the event of rejection, drawings or models will be considered as the property of the applicant, and will be returned to him, on his making application for the same to the Secretary of the Ordnance Select Committee within two months after the date of the notification of the rejection of his proposal. The Committee will, however, have the option of retaining copies of the same for purposes of record. The period within which application for the return must be made, will be extended according to circumstances, if the applicant resides abroad.

10. The Secretary of State does not undertake to purchase or pay for objects submitted to him, or to the Ordnance Select Committee, but no invention will be adopted into the service without considering the claim of the person interested to a suitable remuneration.

No claim to remuneration or reward will be held to have been established unless the invention shall be adopted into the service, or unless Her Majesty's Government will derive substantial benefit from the improvement or novelty suggested.

11. The foregoing clause does not apply to persons in the public employment, whose engagements may be held to give the War Department a claim to any improvements suggested by their experience, especially if worked out and tested at the public expense.

These cases will be dealt with by the Secretary of State as may seem to him to be right in each instance.

Circular No. 491 is hereby cancelled.

EDWARD LUGARD.

CIRCULAR, No. 943.

(EXCLUSIVE OF INDIA.)

7530—336.

War Office, 8th March, 1866.

It has been brought to the notice of the Secretary of State for War, that considerable damage is done to public linen in Military Hospitals by the use of medical appliances. Lord Hartington, therefore, with the concurrence of His Royal Highness the Field Marshal Commanding in Chief, desires that shirts and sheets stained with nitrate of silver, but otherwise fit for use, shall be selected from the stock in store, marked with the letter D, and reserved for the use of patients suffering from diseases requiring the application of the chemical above named.

After this selection has been made, and a certain proportion, to be fixed by the Purveyor and Surgeon conjointly, of the articles so marked issued for use, any article not marked with the letter D, and bearing stains of nitrate of silver, will be assessed by the Purveyor to the extent damaged, and a charge will be made against the Troops.

CIRCULAR MEMORANDUM. Gen. No. 368.

Addressed to the General and other Officers commanding at Foreign Stations.

Colonies 1—(1866).

Horse Guards, S. W., 28th February, 1866.

The accompanying revised instructions, relative to the authority of a Governor and an Officer Commanding the Troops in a Colony, and as to the mode of conducting their military correspondence, are forwarded for the information and guidance of General and other Officers Commanding at Foreign Stations, with reference to page 369 of the Queen's Regulations and Orders for the Army.

By Command of HIS ROYAL HIGHNESS

THE FIELD MARSHAL COMMANDING IN CHIEF.

WILLIAM PAULET, *Adj. Gen.**II. Authority of the Governor in relation to Her Majesty's Troops.*

7. The Governor of a colony, though bearing the title of Captain General or Commander in Chief, is not, without special appointment from Her Majesty, invested with the Command of Her Majesty's Regular Forces in the Colony. He is not therefore entitled to receive the allowances annexed to that Command, or to take the immediate direction of any Military operations, or, except in case of urgent necessity, to communicate officially with subordinate Military Officers, without the concurrence of the Officer in Command of the Forces. Any such exceptional communication must be immediately notified to that Officer.

8. Except in the case of invasion or assault by a foreign enemy, it is the duty of the Governor to determine the objects with which and the extent to which Her Majesty's Troops are to be employed. He will therefore issue to the Officer in Command of the Forces directions respecting their distribution and their employment on escort and other duties required for the safety and welfare of the Colony. In all these matters, however, the Governor will consult as far as possible with the Officer in Command, and will incur special responsibility, if he shall direct the Troops to be stationed or employed in a manner which that Officer shall consider open to Military objection.

9. The Governor, as the Queen's Representative, will give the "word" in all places within his government.

10. On the other hand, the Officer in Command of the Forces will determine all Military details respecting the distribution and movement of the Troops and the composition of the different detachments, taking care that they are in conformity with the general directions issued to him by the Governor.

11. The Officer in Command of Her Majesty's Land Forces is alone charged with the superintendence of all details connected with the Military Department in a Colony, the Regimental Duty and discipline of the Troops, inspections, and summoning and holding Courts Martial, Garrison or Regimental, and the granting leave of absence to subordinate Military Officers.

12. He carries into execution, on his own authority, the sentences of Courts Martial, excepting sentences of death, which must first be approved, on behalf of the Queen, by the Officer administering the Civil Government.

13. He makes to the Officer administering the Civil Government Returns of the state and condition of the Troops of the Military Departments, of the Stores, Magazines and Fortifications within the Colony, and furnishes duplicates of all such returns of this nature as he may be required or may see occasion to send to the Military authorities at home, or to any Officer under whose general command he is placed.

14. On the receipt of the annual Mutiny Act, the Officer in Command of Her Majesty's Land Forces communicates to the Civil Authority the "General Orders" in which it may be promulgated.

15. And in the event of the Colony being invaded or assailed by a foreign enemy, and becoming the scene of active Military operations, the Officer in Command of Her Majesty's Land Forces assumes the entire Military authority over the Troops.

16. The above Regulations will hold good though the Governor may be a Military Officer senior in rank to the Officer in Command of the Forces.

17. If several Colonies are comprised in one Military Command, the Officer in Command of the whole may transfer Troops from one to another Colony on an application from the Governor of the Colony to which the Troops are sent, transmitted

CIRC. MEM. No. 368—continued.

to him either through the Governor of the Colony in which he is serving, or through the Officer Commanding the Forces in the Colony for which Troops are required. But he must in all cases consult with the Governor of the Colony from which the Troops are sent, and will incur a special responsibility if he sends them away without that Governor's consent.

18c. Except in the case of the North American Colonies, Colonies comprised under one Government in Chief are to be treated, for Military purposes, as a single Colony. Natal, for the same purpose, will be considered part of the Government of the Cape of Good Hope.

195a. When the Civil Governor of a Colony shall have occasion to report upon, or bring under the consideration of the Secretary of State for the Colonies, matters which involve military as well as civil considerations, or which require the decision or concurrence of the Secretary of State for War, the Governor will first communicate with the Officer in Command of the Forces in the Colony respecting the matters in question; and having obtained that Officer's opinion or observations thereupon, he will transmit the same with his own report to the Secretary of State. The Officer in Command of the Forces is similarly instructed, before reporting to the Secretary of State for War on any matter which involves civil as well as military considerations, or which cannot be decided without reference to the Secretary of State for the Colonies, to obtain the opinion of the Governor.

195b. The Officer in Command of the Forces has been instructed to send to the Governor duplicates of all reports on whatever subjects, other than those relating to discipline and the routine of the service, which he may have occasion to send to the Secretary of State for War. These duplicates the Governor is to forward to the Secretary of State for the Colonies by the same mail which conveys the original report to the Secretary of State for War.

GENERAL ORDER. No. 881.

Forage—1 (1866).

Horse Guards, S. W., 6th March, 1866.

His Royal Highness the Field Marshal Commanding in Chief desires that the following rules, in regard to the supply of Forage to the Troops, to be substituted for those contained in pages 299 and 300 of "The Queen's Regulations and Orders for the Army," be at once published for general information and guidance, viz. :—

The mounted Corps in Great Britain and Ireland are supplied with forage by contract, under the directions of the Secretary of State for War, and copies of the conditions of contract shall be furnished, on application to the Commissariat Officer of the District or Station, for the information and guidance of all Commanding Officers of Mounted Corps.

A reserve stock of forage to the extent stipulated for in the conditions of contract, is required to be kept up; but, before any portion of this stock can be admitted into the Garrison stores appointed for the purpose, it shall be subjected to the joint inspection and approval of a Commissariat Officer, and of a Garrison Staff Officer or a Regimental Officer.

At Stations where there may be no Commissariat Officer, the responsibility for the quality of the reserve stock, and for its maintenance to the extent prescribed, shall attach to the Officer commanding, who shall require an inspection of all forage offered by contractors to be made by a Regimental Officer (if practicable not under the rank of Captain).

Stations where there is no Commissariat establishment should, as often as may be convenient, be visited by a Commissariat Officer, with the concurrence of the General Officers Commanding, and the Commissariat Officer, in communication with the Officer Commanding at the Station, should examine the forage in store, and that held in reserve by the contractor, and should report, through the head of his own Department, on the quantity and quality of the supply, and whether there were any complaints on the part either of the troops or of the contractor.

In addition to the foregoing precautions, the daily supply of forage tendered for issue to Corps in Garrison, will be inspected by the Captain of the day (or Orderly Officer) previous to removal from the Garrison Forage Store; and if then objected to, it must be forthwith replaced by forage of unobjectionable quality.

It must be distinctly understood that objections against forage which has been removed from the Garrison Forage Stores after issue to the Troops will not be entertained.

Sentries on Forage Stores should receive orders not to admit forage into them unless passed by Commissariat or Orderly Officers in the manner already prescribed.

The keys of Regimental Forage Stores should be deposited at night with the nearest Guard of the Regiment drawing from the Stores, and the keys of Garrison Forage Stores, when not in charge of the Commissariat, should be deposited in the nearest Garrison Guard Room, when not required to be open; and, as a general rule, forage should only be received and issued at prescribed hours, between 8 A.M. and 4 P.M.

Regimental Quarter-Masters are not to deal with the quality of supplies, or to have anything to do with the admission of forage into store, but solely with the gross quantity to be received, and with the subsequent Regimental distribution, after it has been duly passed.

Contractors shall have the privilege of appeal to a Board of Survey, as provided in the conditions of contract, in case of forage being objected to by the Inspecting Officers

GEN. ORDER, No. 881—*continued*.

for the Garrison Store, or by the Regimental Officer at the period of issue, and the decision of the Board shall be final.

The proceedings of Boards condemning forage should contain a precise statement of the cause of condemnation, and whether the whole or part only of the supply objected to is condemned.

By Command of His ROYAL HIGHNESS

THE FIELD MARSHAL COMMANDING IN CHIEF.

WILLIAM PAULET, *Adj. Gen.*

GENERAL ORDER. No. 882.

GENERAL ORDER. No. 883.

Staff College—1 (1866).

Horse Guards, S. W., 14th March, 1866.

The following Regulations regarding the Examination of Officers who may be Candidates for admission to the Staff College in February, 1867, are published for general information.

There will be vacancies for 15 Officers, two of whom may belong to the Royal Artillery, provided they are among the 15 highest on the List.

His Royal Highness the Field Marshal Commanding in Chief having, with the concurrence of the Secretary of State for War, decided that in future a previous Service of not less than five years, exclusive of leave of absence,* shall be required to render an Officer eligible to be examined for admission to the Staff College, the attention of Officers commanding at Home and Abroad is called to this decision, which will shortly be embodied in a revised edition of the Staff College Regulations, and is to be acted upon by them when forwarding the applications of Officers wishing to be examined in July next.

The Certificates 2, 3 and 4, specified in the Staff College Regulations, should, if possible, accompany the Officer's application, but if they are not received at the Horse Guards by the 31st July with a satisfactory explanation of the delay, the Officer's Examination will not be reported on by the Council of Military Education.

HOME STATIONS.

Officers serving in the United Kingdom, who are desirous of entering the Staff College, will be examined in London on the 23rd July next, and following days.

Commanding Officers of Royal Artillery, and of all Regiments and Depôts of Cavalry, Guards and Line on the Home Station, will forward to the Adjutant General, through the usual channel, for the consideration of the Field Marshal Commanding in Chief, the applications of such Officers as wish to compete for admission, together with the necessary Certificates.

Applications should be sent in not later than the 15th June, after which date the Officers approved of by His Royal Highness will be instructed to place themselves in communication with the Council of Military Education, with a view to their receiving the Rules for the Examination.

* This is not to apply to the usual leave of absence annually granted to Officers.

N.B.—After this year all Candidates wishing to be examined at Foreign Stations must send in their applications, so that they may be received at the Horse Guards on or before the 1st May.

The Examination Papers will only be sent out for those Officers whose applications shall have been thus received.

GENERAL ORDER, No. 883—continued.

FOREIGN STATIONS.

At Foreign Stations the following Regulations will be strictly adhered to :—

The Examination will commence on the 23rd July, or as soon after that date as the Examination Papers shall be received from the Council of Military Education ; but no Examination will be allowed to commence after the 15th August.

A Board of Officers will be appointed at the most convenient Station of the District, by the General Officer in command, and will consist of three Officers ; one of whom will be, when practicable, a Staff Officer, having the rank of Field Officer, and the other two, if possible, not under the rank of Captain. One of these Officers will belong to one of the Scientific Corps, where any such Officer can be obtained.

The questions are to be answered in the presence of the Board.

The Board will give to each Candidate a number, which he will affix to each of his Examination Papers, instead of his name. He will retain the same number throughout the Examination.

The Board will give to each Candidate a paper of the printed Examination questions on each subject, at the time specified for the Examination in that subject.

The Candidates will write their answers to the questions in the presence of the Board, and their papers, together with the printed Examination questions, will be collected at the hour appointed, and made up into a packet, which will be sealed before being taken from the Examination Room.

The Board will, immediately on the conclusion of the Examination, forward the papers of the Candidates to the General Officer Commanding, for transmission to the Council of Military Education, accompanied by a certificate that the Candidates obtained no assistance from books, or help of any kind, in their Examination. The Board will, at the same time, forward the names of the Candidates, corresponding with their index numbers in the Examination, in a separate envelope, for transmission to the Council of Military Education.

Campaigns of 1796. In Germany and Italy.

Campaign of 1797. In Italy—To the fall of Venice.

N.B.—Candidates will be expected to be able to make a rough sketch of any of the fields of battle, or of any portion of the countries in which the operations were carried on ; and to describe their chief Geographical features, with their influence on the movements of the combatants.

There will be, in all cases, an interval of not less than one hour between the two periods of Examination on each day.

The Papers will be collected at the appointed hours by a Member of the Board. Any Candidate, however, who may have finished his Examination Paper on any subject before the hour named may deliver it into the hands of a Member of the Board.

Candidates will bring their writing and drawing materials, instruments, &c., and also the tables of logarithms they are in the habit of using. No other books or notes of any description will be allowed to be used.

It is scarcely necessary to observe, that no communication whatever will be allowed between the Candidates at the Examination.

Officers commanding Regiments abroad are at once to transmit to the General Officer in command a return of the Officers desirous of competing, together with a Medical

GENERAL ORDER, No. 883—continued.

Certificate of good health, and fitness for the active duties of the Staff. Such Officers will then be ordered to join at Head Quarters, for Examination, or at any other places which may be selected for the convenience of those at the more distant Stations.

With reference to paragraph IV. of the Regulations for the Staff College, which directs, "that if the Commanding Officer of the Regiment, or the General Officer commanding, cannot recommend the application of any Candidate, the grounds of objection are to be distinctly stated,"—it is to be observed, that, as there will not be time at distant Foreign Stations to refer to the Adjutant General on the subject, such Candidate should, in all cases, be permitted to undergo his Examination, on the understanding, however, that the objections urged against his application will still be submitted for the decision of His Royal Highness the Field Marshal Commanding in Chief.

General Officers commanding at Foreign Stations will place no restrictions upon Officers competing, further than the exigencies of the Service may absolutely require. It will be understood, that the rule by which only one Officer can be spared from a Battalion at a time, for the purpose of studying at the Staff College, does not apply to Candidates from Battalions which have Officers now at the College, but whose course of study will terminate in December next.

General Officers commanding at Foreign Stations will select the hours for the Examination which are best suited to the climate and circumstances of the country, taking care, however, to conform strictly to the number and distribution of the hours, as detailed in the foregoing Regulations.

On the completion of the Examinations, General Officers commanding should transmit the Candidates' Papers to the Vice-President of the Council of Military Education, 13, Great George Street, Westminster, with the least possible delay, in order to enable Officers from distant Stations, who may be successful in the competition, to join the College early in the following February. They will at the same time forward to the Adjutant General a return of the Officers examined, with their Certificates, as required by the Regulations.

General or other Officers commanding at Foreign Stations will, on or before the 15th August, forward to the Adjutant General a return according to the annexed form, whether or not any Officers within their commands may have applied to be examined.

Officers serving abroad, who may be successful Candidates, will be allowed the regulated Passage Money home on joining the Staff College.

The Names and Examination Numbers of the Candidates who are successful in the competition, as well as of those who prove themselves qualified, and the Examination Numbers alone of Candidates who fail, will be published immediately after the Reports of the Examiners have been received by the Council of Military Education, with the total number of Marks gained by each Candidate, and his place on the list.

Candidates are recommended to obtain the Report of the last Examination for Admission, with copies of the Examination Papers, published by Taylor & Francis, Red Lion Court, Fleet Street.

THE FIELD MARSHAL COMMANDING IN CHIEF.
